MEMORANDUM FOR: The Director

SUBJECT : The Fuzzy KEP  
(Round 4)

25X1 [redacted] Per our 21 January conversation, [redacted] has re-worked his model fuzzy performance report, concentrating on the second half. Attached is the result of his labors. If we are still wide of your mark, please let me know. As I explained, once we get one model set as reflecting what you are looking for, I will then have three or four more done using it as a paradigm. We will then be in a position to see whether we have an art form likely to meet your needs and all other considerations.

MEMORANDUM FOR: The Director  
SUBJECT : "Fuzzy KEPS"

Attached is [ ] revised cut at a "fuzzy KEP." One from [ ] will be along shortly, along with some views from [ ] on the extent to which resource costing figures can be cranked in without undue effort. I would like to keep chipping away at this approach to see if we cannot, through it, come close to developing a document that meets your needs without involving large amounts of mechanical reporting and elaborate bookkeeping.
